SUMMARY

As an experienced Java developer with 1.8 years of expertise, I have a strong foundation in developing high-quality applications. My skills include proficiency in Java programming language, object-oriented programming concepts, and various frameworks such as Spring and Hibernate. I am well-versed in working with databases, RESTful APIs, and agile development methodologies. With a keen eye for detail and a passion for creating efficient and scalable code, I am confident in my ability to contribute to any development team.

SKILLS

Core Java	J2EE	Spring	Spring MVC	Spring Boot	Microservices	Spring Web Services	Spring Security	HTML
CSS	Java Script	SQL	RBDMS	Git	JSP	JPA	Maven	JUnit	Log4J	PL/SQL	Oracle

EXPERIENCE

Associate Software Engineer

Infomerica

📅 07/2021 - 04/2023   📍 Hyderabad

Infomerica, Inc. provides software development services. The Company offers hybrid cloud, enterprises portal, web technologies, software sales, digital transformation, data management, analytics, and service oriented architectures.

- I have Used Core Java, Spring core, Spring MVC, Spring boot, JSP, Spring Data JPA, HTML 5, MySQL, JUnit, CSS, JavaScript, Restful Services, and Servlets technologies.
- Developed the application using Agile methodology and participated in daily scrum meetings.
- Implemented various features of the application like user registration, login, profile management, etc.
- Used Hibernate ORM tool for database interaction and implemented various DAO classes.
- Used JSP and Servlets for developing the web pages and implemented the business logic using Java Beans.
- I have worked with CSS and Java Scripts to design web pages and implemented validations using Java Scripts.
- Used MySQL database and performed various CRUD operations using SQL queries.
- Implemented Restful Services to expose the data to the client side.
- Used JUnit tool for unit testing of the application.
- Deployed the application on Apache Tomcat server and tested it on various browsers.
- Worked on Unit Testing the project using JUnit, Mockito.

PROJECTS
